Please be reassured that for most people, coronavirus (COVID-19) will be a mild illness.

LFD Testing advice

We would recommend you have a supply of LFD testing kits at home in the event you are requested to use them. You can order home testing kits to be delivered to your home here www.gov.uk/order-coronavirus-rapid-lateral-flow-tests

Or you can collect LFD kits at Community Collect sites across the County. To find your nearest collection point please enter your post code here: maps.test-and-trace.nhs.uk

If you pick up tests from a pharmacy, you may be asked for a 'collect code' this helps the NHS match your details to the tests. To get a 'collect code' please visit:

www.test-for-coronavirus.service.gov.uk/collect-lateral-flow-kits

Please register the result of your home test at www.gov.uk/report-covid19-result

What to do if your child develops symptoms of coronavirus (COVID-19) or tests positive for COVID-19

The most common symptoms of COVID-19 are recent onset of:

· new continuous cough and/or

· high temperature and/or

· a loss of, or change in, normal sense of taste or smell (anosmia)

If your child does develop symptoms, they should get a PCR test and remain at home at least until the result is known. Book a free PCR test at: www.gov.uk/get-coronavirus-test.

If positive, your child should isolate for 10 full days after their symptoms appeared.

If you are concerned about your child's symptoms, you can seek advice from NHS 111 at 111.nhs.uk/ or by phoning 111.

If your child has a positive test result but does not have symptoms they should stay at home and self-isolate for 10 full days from the date the positive test was taken. This isolation period will be extended if they go on to develop symptoms by counting
