

Individual Pupil Photographs - Wednesday 26th September

On Wednesday our pupils will be having their individual and sibling photographs taken.

All children in Year 2 and Reception who are on their trip on Wednesday will have had their photographs taken this week, including with any siblings in school. However, there was not enough time for them to take pictures of all the Year 6 children.

All Year 6 children will need to come to school in full uniform to have their photo taken before getting changed to go off to Consett Academy. If any children in Year 2 were absent, they too can come in from 8.40 am to get their photo taken before the trip.

If any pupils have siblings who do not attend our school and you would like them to have their photographs taken together, please come to the school Office for 8.40am and these will be taken then.

If your child has a sibling at the school, photographs of these children will be taken together during the day - please **do not** bring them in early for this as we will always make sure they have them taken together.

Thank you for your help.
